

Peel Tech is a revolutionary innovative filtration system which helps food processors & Chipshops comply with the UK Waste Regulations regarding drainage pollution.
England, Ireland & Wales - 111 Waste Act, Scotland section 48 Waste Water Act

Install a Peel Tech Filtration System today and you will

- Avoid prosecution for illegal food waste disposal
- Easy to clean with no more costly blocked drains
- Save money
- Add to your environmental credentials
- Captured food waste has the ability to be used for AD processing
- Have happy staff in an odour free prep area

The Peel Tech system has already been recognised as a multi award winning innovation receiving prizes locally and nationally including the prestigious VIBES Awards
